

up. What a lovely evening! \_\_\_\_\_\_ Sumand wakes up. What a lovely evening! \_\_\_\_\_\_ She washes her face fast in 2 hours \_\_\_\_\_\_\_ and runs out. She goes straight to the bird's nest. She has been watching the eggs for the last few months \_\_\_\_\_\_. She was waiting for the baby birds to come out. But before she can blink her eyes, in a week \_\_\_\_\_\_\_ a cat jumps on to the tree. The mother bird cries loudly and Sumana rushes to shoo away the cat. As the cat jumps, it hits the big green mango. **Dhum!** ... ... In two days \_\_\_\_\_\_ it is on the ground ! Oh, how sad! The mango is still not fully ripe. It needed one more year \_\_\_\_\_\_ to become sweet. Suddenly Sumana's sister calls out — Are you still not hungry? Has your stomach clock gone to sleep? Come and eat hot upma for dinner \_\_\_\_\_.

Dhum!

Wasn't that funny? You must have guessed that the coloured words are wrong. Choose the correct word from the box given below and write it next to the wrong word.

days	rises	seconds	morning
breakfast	moment	minutes	week

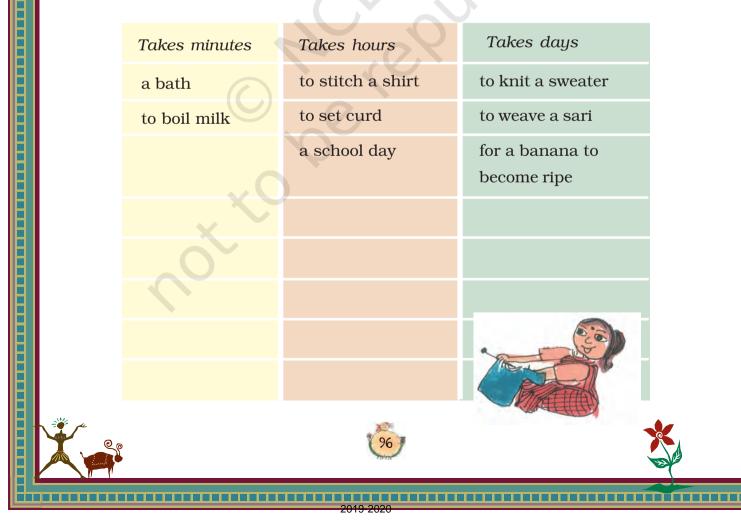

#### How Long does it Take?

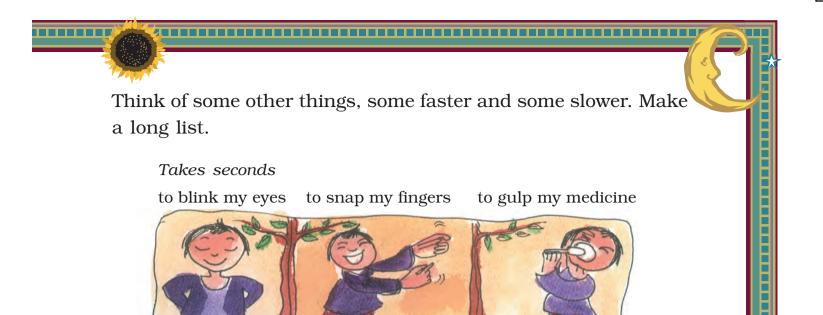

Have you seen someone knitting a sweater? Or someone weaving

a cloth? Do try to find out from a potter how long it takes to make a pot. Also tell us if you take hours or minutes to have your bath! (Is it years since you last had a bath? Ha, ha!)

Think of many different things that can take different times. Make your table as long as you can.

# Clap! Clap! — Before you Catch Play this game

Throw a stone into the air. Clap once before you catch it.

Now try to clap 2 times before the catch.

Try more claps. How many times can you clap before you catch the stone?

### Ta Thai — Different Claps

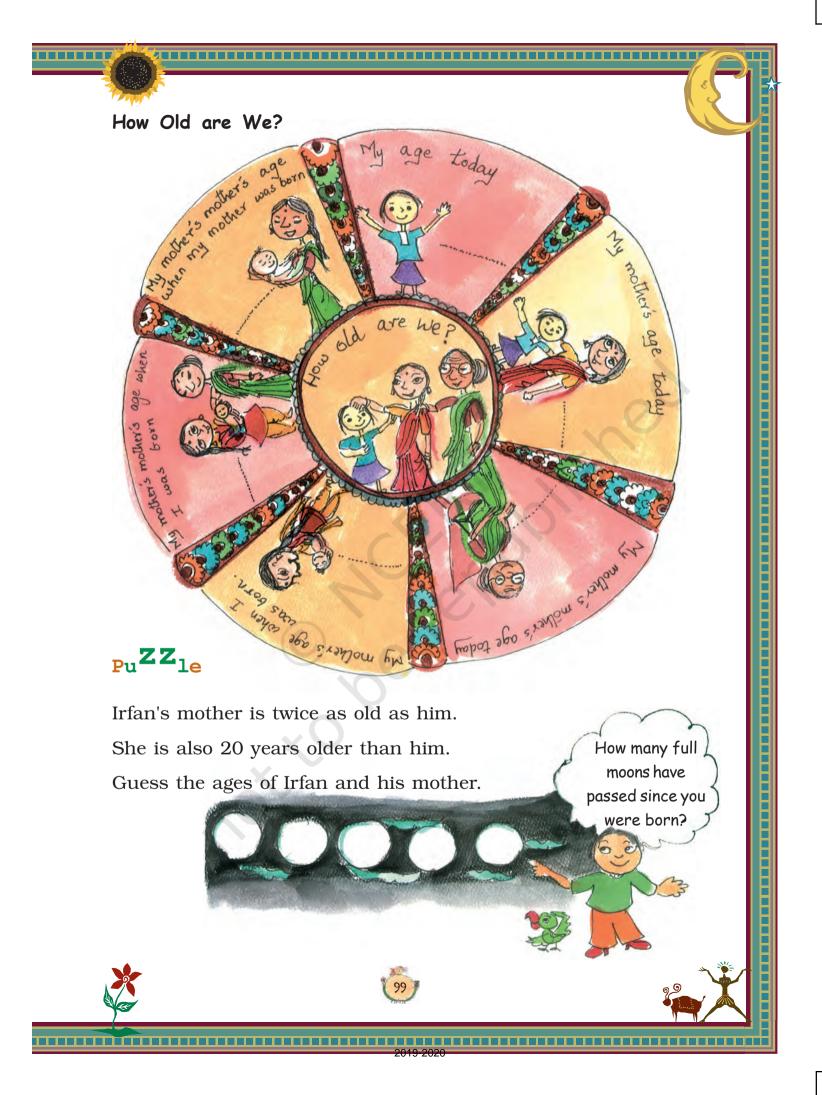

Clap 2 times and say 1 2 Keep clapping 1 2, 1 2, 1 2, 1 2, ...... or say *Ta Thai, Ta Thai, Ta Thai, ......* Also stamp your feet Left Right, Left Right, Left Right,..... Now clap with three beats 1 2 3, 1 2 3, 1 2 3, ...... Say: *Ta Thai Tut, Ta Thai Tut, Ta Thai Tut, ......* Can you stamp your feet Left Right Left, Left Right Left, ...... How many of you can speak and stamp at the same time?

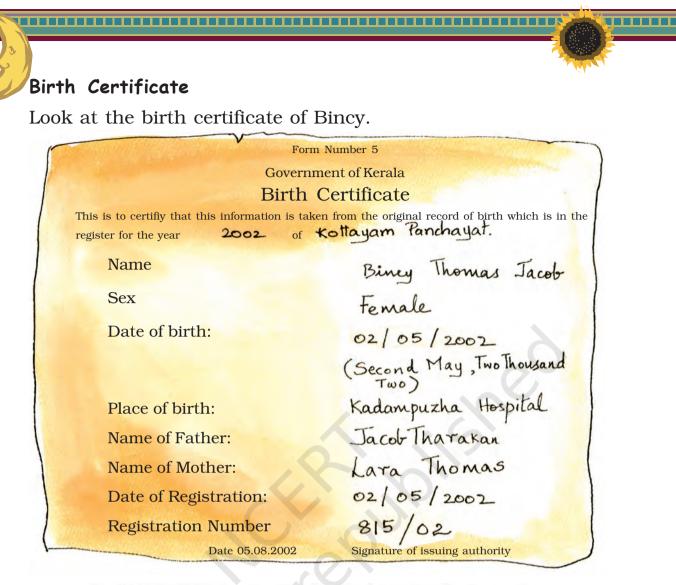

### Find Out

Have you heard people playing a *tabla* or the drums? Find out a few different beats they play. Also ask what 'bols' they say for the beats they play.

(1) 2/5/2002 shows that Bincy was born on 2 \_ in the year 2002.

- (2) How old will Bincy be on 2 May 2008?
- (3) How old will she be in the year 2052?
- (4) On what date will she be eight years old? Write in numbers.

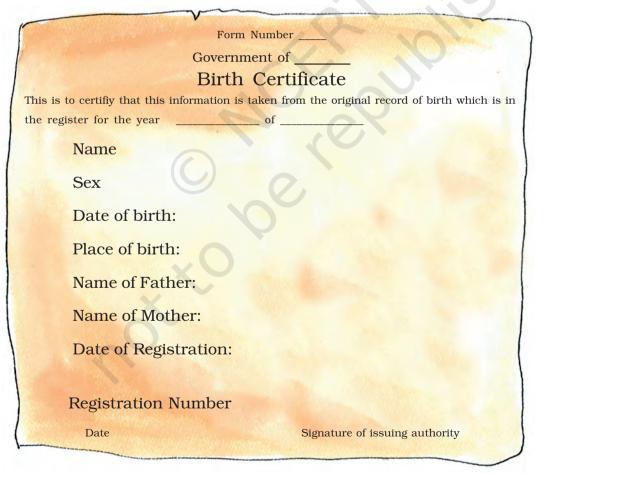

- (5) How many months old was Bincy on 2 August 2002?
- (6) How many years old is Bincy now?
- (7) After how many months of her birth was the certificate issued?
- (8) What is the registration number of her certificate?\_\_\_\_\_

## Find Out

When were you born? \_\_\_\_\_

Write your date of birth in numbers.

Do you have a birth certificate? Ask your parents and make one for yourself.

Cal	lendar	$\left  \right $
	t us look at the calendar for the year 2018.	
	How many months does a year have?	
* L	List the months which have 30 days	
* L	List the months which have 31 days	
- * F	How many days does the month of February have?	
	How many days makes a week?	
	How many weeks are there in July? Is it true for	
	all the months?	
	In which month did you come to Class III?	
	Make a circle on these dates in the calendar:	
	26th January	
1	14th November	
3	31st December.	
Is t	there something special about these dates?	
Fill	l in the blanks with the correct year:	
2	2017 2020 2019 2016 2021 2022	
1. V	Which year was it two years back?	
<b>2.</b> I:	In which year were you in Class II?	
3. V	Which year will be the next year?	
4. V	Which year will come after 3 years?	
This	is chapter encourages children to look at different cultural contexts in which the idea of elapsed ne occurs in their lives. It is more important for them to be able to develop an intuitive estimate	
of s und	seconds, minutes, months etc. than to actually measure. The chapter also helps them to iderstand the use of a clock and calendar through interesting exercises. Teachers could create ore such exercises related to number patterns and symmetries.	

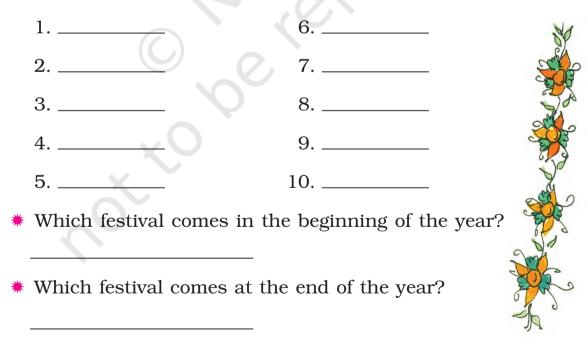

## Which Festival comes First?

Given below are some festivals we celebrate during the year. Look at the calendar (2018) to find the days on which these fall.

			_
	Name of the festival	Date	Day
	Diwali	November 7	
	Pongal	January 14	
	Raksha Bandhan	August 26	
	Gandhi Jayanti	October 2	
0	Milad-Ul-Nabi	November 21	
0	Onam	August 25	
8	Guru Nanak's Birthday	November 23	
Ð	Guru Ravidas's Birthday	January 31	
6	Christmas Day	December 25	
U	Bihu	April 15	

Arrange the festivals in the order in which they come in the year.

## Calendar Magic

Here is the calendar for the month of February 2019.

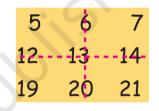

Let us mark a square on the calendar and see some magic.

February <sub>,</sub> 2019										
S	Μ	Т	W	Т	F	S				
					1	2				
3	4	5	6	7	8	9				
10	11	12	13	14	15	16				
17	18	19	20	21	22	23				
24	25	26	27	28						

Which is the number in the centre of the square? \_\_\_\_\_

Join three numbers by drawing a line. The line must pass through the number at the centre.

How many such lines can you draw?

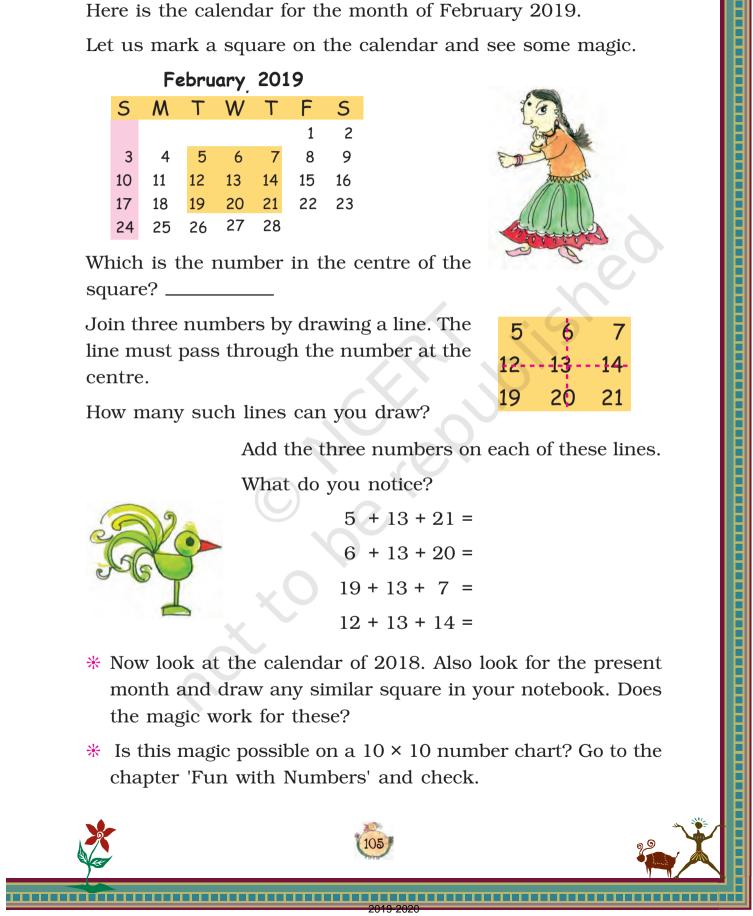

Add the three numbers on each of these lines.

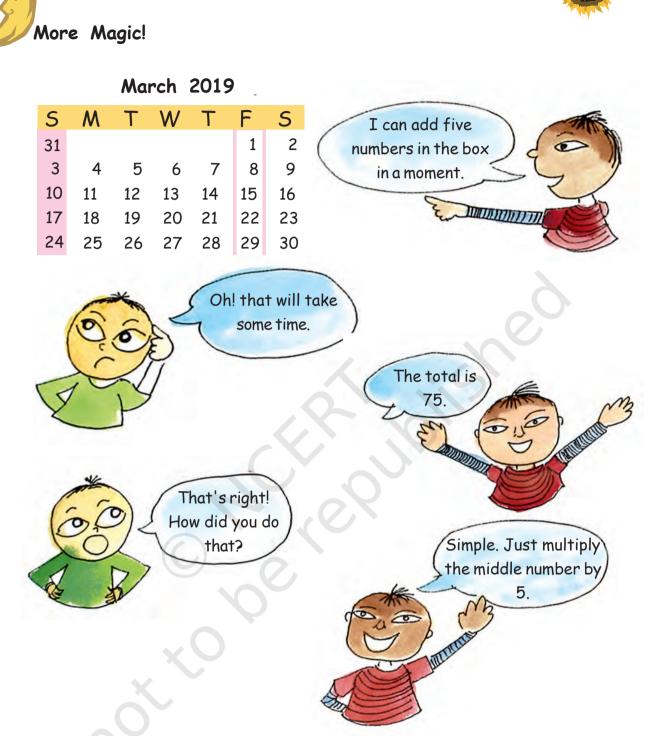

What do you notice?

5 + 13 + 21 =6 + 13 + 20 =19 + 13 + 7 =12 + 13 + 14 =

- \* Now look at the calendar of 2018. Also look for the present month and draw any similar square in your notebook. Does the magic work for these?
- \* Is this magic possible on a  $10 \times 10$  number chart? Go to the chapter 'Fun with Numbers' and check.

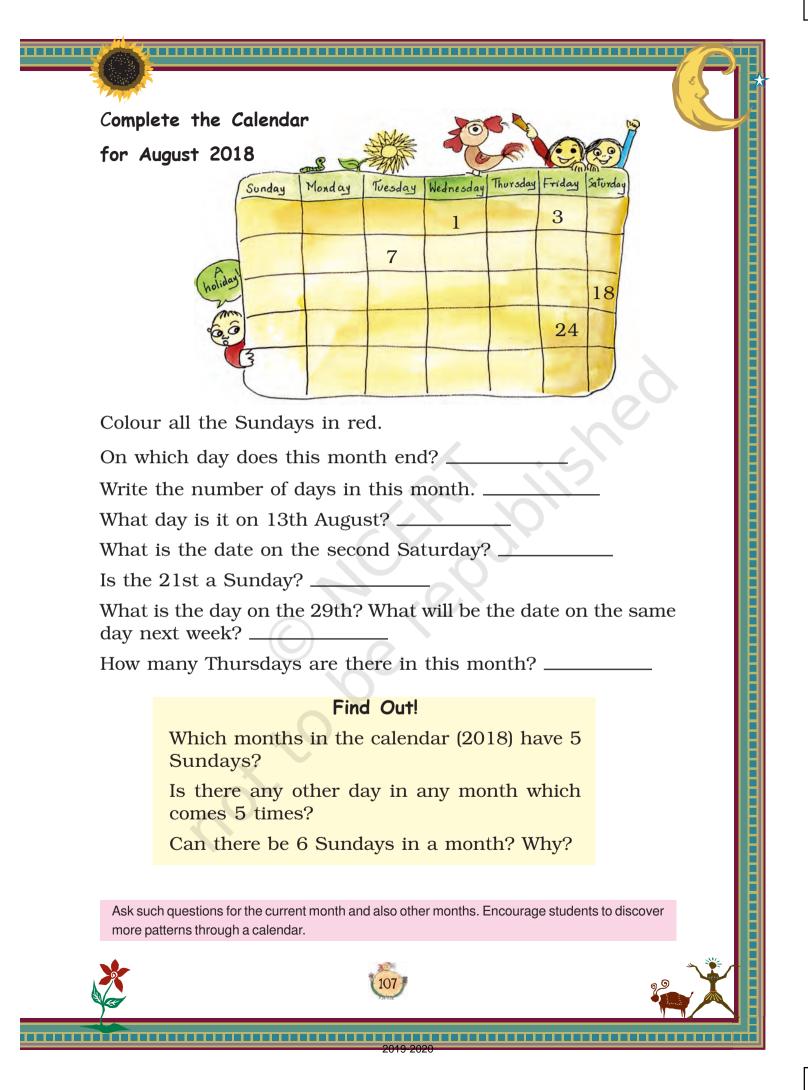

See if this magic works for other lines which have five numbers. What about five numbers on a slanting line? Try this trick with your family and friends.

Can you find other magic patterns in the calendar?

### My Time Line

My name is Pedki Devi. I live in a village in Dhanbad district (Jharkhand). I never got a chance to go to school. I remember that when I was 5 years old I broke my foot. I had climbed a tree to eat the jamun fruit. But the branch broke and I fell down. My foot still hurts in winter.

While grazing our goats we often got busy in playing. Once at the age of 10 years I got a big scolding — I had lost one goat! At the age of 15 years I was married. My husband was much older than me. My first daughter was born three years after my marriage. Later I had three more children when I was 20, 22 and 24 years old.

Time passed very fast then. I was busy with my farm, housework and looking after my animals. But at the age of 35 years my world came to a stop. My husband fell ill and died. His brothers tried to take away our farm. They beat me badly and said I was a witch! Some good people saved me. We fought a case against those who beat me up. At the age of 40 years I saw a police station for the first time. When I was 45 I learnt to read and write. 2 years later I got my eldest daughter married. Now I am 50 years old. I enjoy playing with my grandchild. Two of my children are studying in school.

Some things that happened in her life are given below. Mark these on her time line. For example, when she was 5 years old Pedki broke her foot. A is marked at 5 on the time line.

- A. Broke her foot
- B. Lost one goat
- C. Got married
- D. Had her fourth child
- E. First saw a police station
- F. Learnt to read and write
- G. Eldest daughter got married

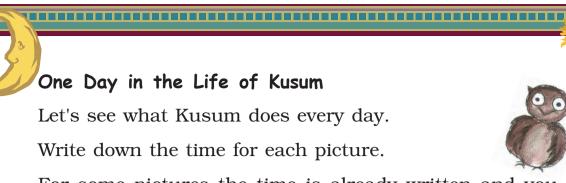

- \* Mark on the time line when she was born.
- \* In the blank box draw a picture of Pedki as a new born baby.
- \* Make your own time line. Ask people around you and mark at least one thing that happened in each year of your life.

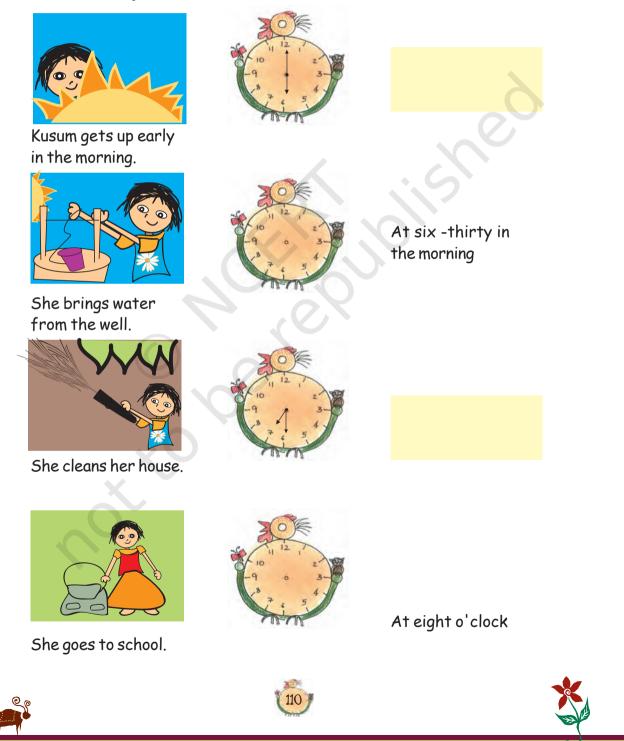

\* Make time lines of people you admire. These can be from among your family, friends, teachers, etc.

For some pictures the time is already written and you must draw the hands on the clock. In others you have to write the time shown by the clock.

She is studying in school.

She comes back from school.

She takes lunch with her brother and grandmother.

She plays with her friends.

9 o'clock at night
